Elvin used a 38 calibre target rerespondence to the same of the association of the same of the association of the target used was \$x10. are the Smith & Wesson make.

Each man had fifty shots. Elvin ring. Ovenden put in 37 bull's eyes and 13 in the 4 ring. This is extremely good shooting but both men are confident that they can do better and will have auother try in the near future.

Mesers. Elvin and Ovenden are known to be the best pistol cracks on the islands. Mr. Ovenden was formerly on Maui and stands at the very top in the matter of rifle shooting.

The targets used in Saturday's shoot will be on show in one of the gun supply stores in the near future.

There is one interesting feature about the revolvers that is worthy of mention. The cartridges used contained buried bullets, the tip being flush with the end of the case and coming just to the opening of the barrel. This kind of ammunition is used by the crack revolver shots to prevent any vi-
